BHP

Health and safety are core to our values

We achieve nothing unless we achieve it safely

- Tragically, there was a fatality at Goonyella Riverside (August 2017), and more recently at Permian Basin (November 2017)
- Group-wide actions have been taken to review and improve our processes
- Findings from serious incidents are reviewed and discussed at the Sustainability Committee and Board

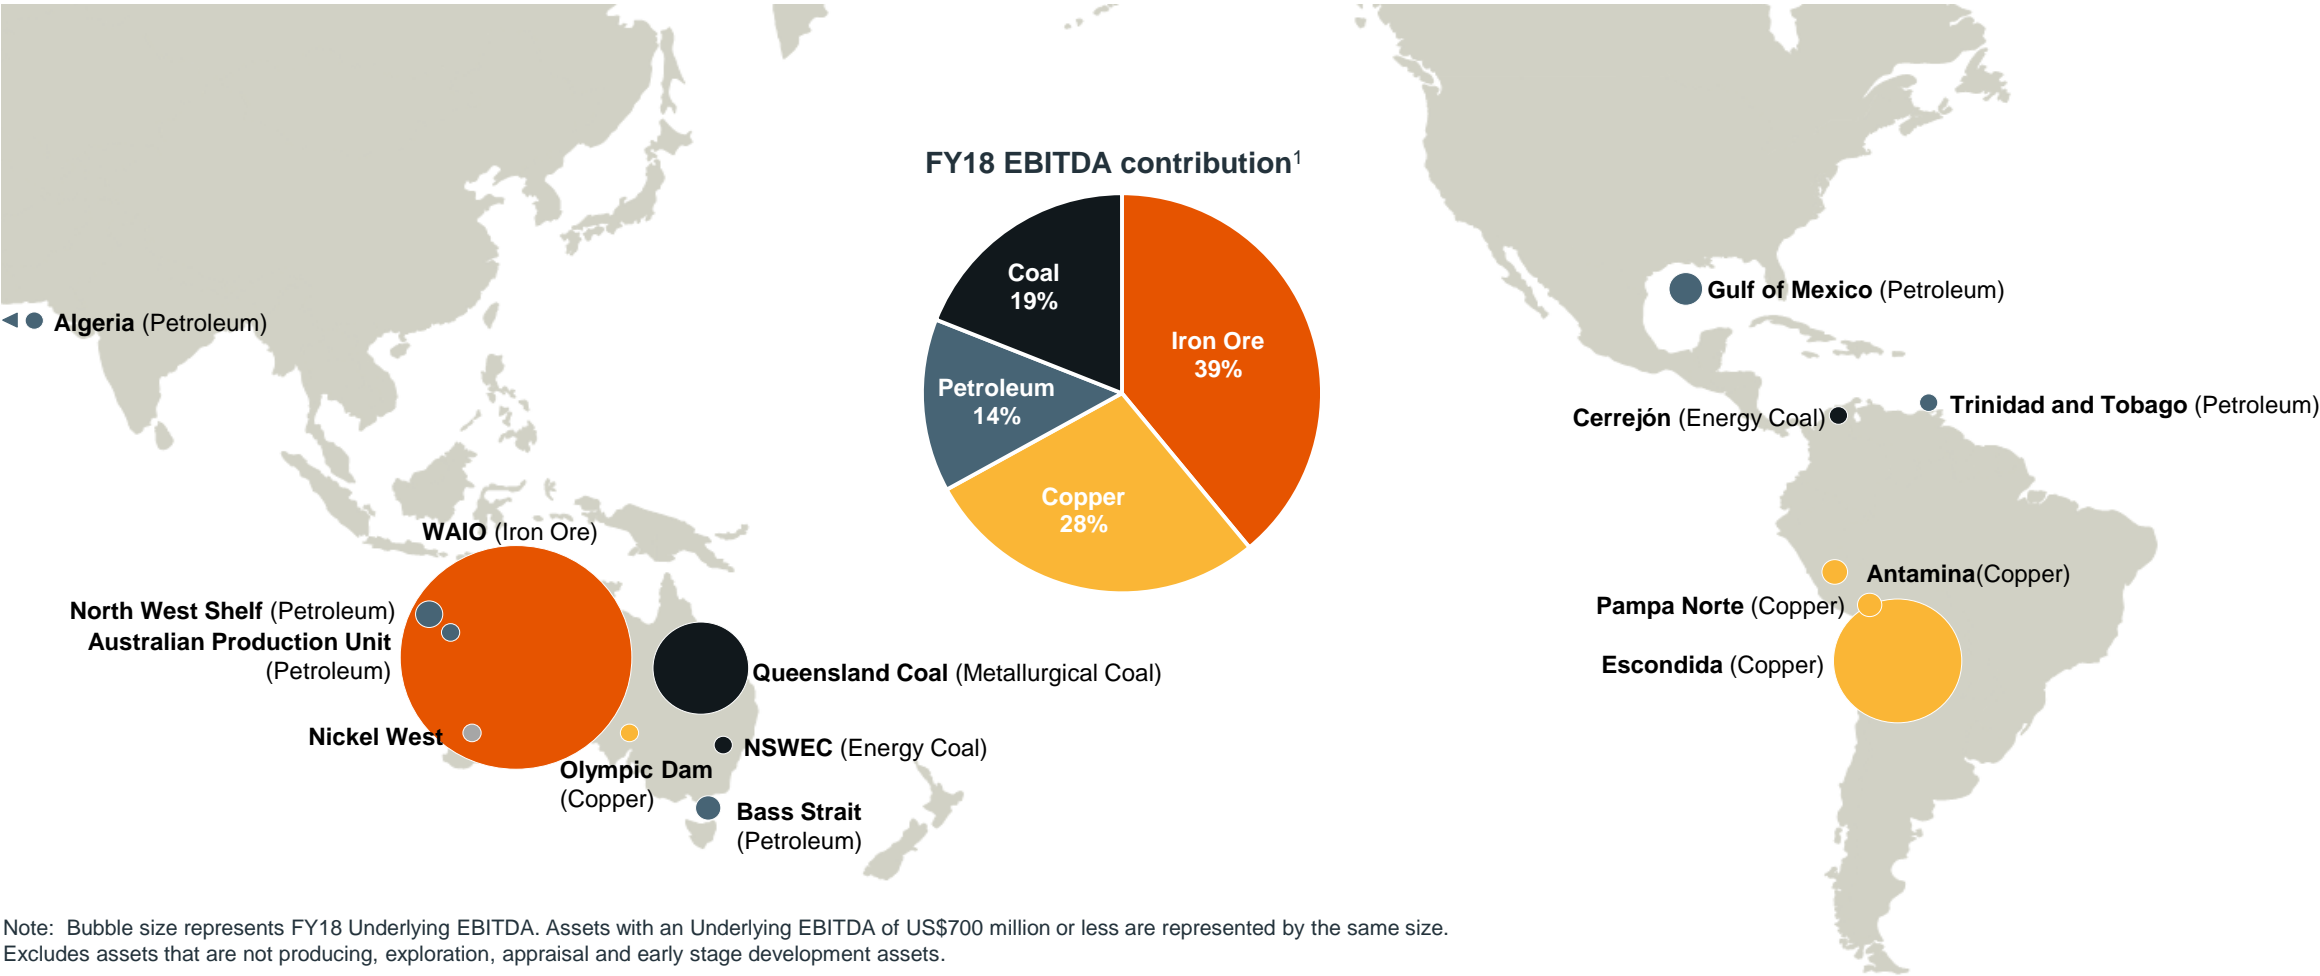

HSEC performance is fundamental to our long-term success

- Targeting zero work-related fatalities and year-on-year improvement in our TRIF
- Mental health framework rolled out across the organisation

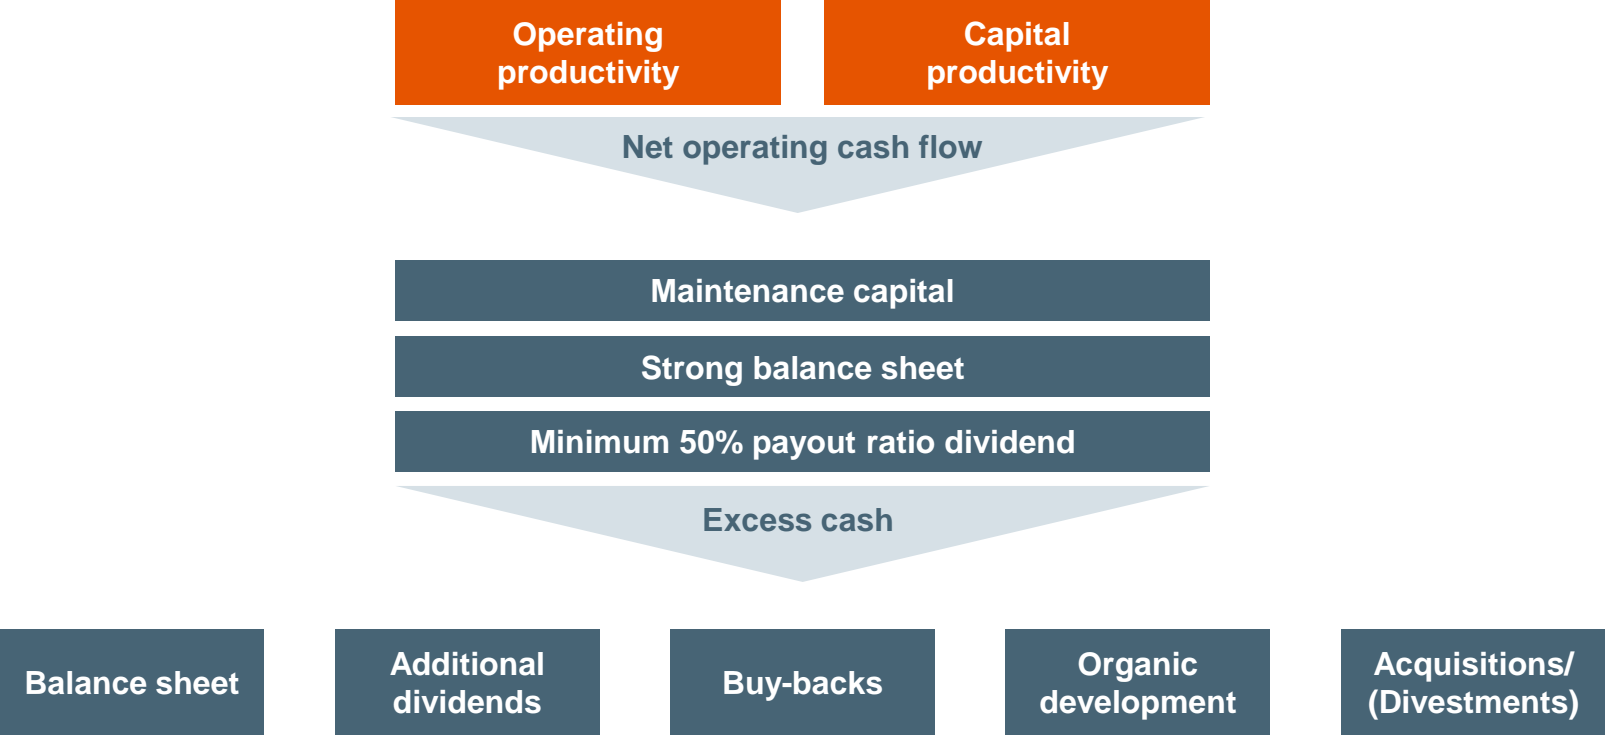

Leading diversified global mining company

Large, long-life, low-cost, expandable, upstream assets diversified by commodity, geography and market

Capital allocation

Relentless focus on capital discipline, a strong balance sheet and shareholder returns

World class capability and culture

Our social licence

We strive to do the right thing and fulfil our social contract

Our social licence
